

HAVI: Global Leader, Local Partner

HAVI is a global, privately owned company focused on innovating, optimizing and managing the supply chains of leading brands. Offering services in supply chain management, packaging, logistics and recycling & waste, HAVI partners with companies to address challenges big and small across the supply chain, from commodity to customer. Founded in 1974, HAVI employs more than 9,000 people and serves customers in more than 100 countries. HAVI's supply chain services are complemented by the customer engagement services offered by our affiliated company The Marketing Store.

PACKAGING

HAVI provides strategic and operational expertise to ensure that our customers' packaging supports the optimal movement of their products through the supply chain. We take a holistic view, determining how packaging can support a customer's strategic goals from concept development and production to the market and through end of life. In the UK, we manage packaging supplies at 1,262 restaurants for the leading global quick service restaurant brand.

LOGISTICS

Our proven expertise in procurement, warehousing, distribution and freight management can help you keep your supply chain - and your business - moving. In Europe, we have been a leading partner in innovation for a number of years to some of the most prestigious brands in the food services sector.

In the UK, HAVI offers freight management services through STI Freight Management, a joint venture partnership. STI operates worldwide with an international network of service partners and branches in 11 European countries.

Offices

SUPPLY CHAIN MANAGEMENT

Our talented Supply Chain Management experts partner with our customers to understand their business objectives, then deliver right-sized solutions to meet those objectives. We know that our customers' primary focus is always on their own customers. Accordingly, our procurement and planning specialists use their expertise to ensure that our customers never run out of the product their customers want to buy. We also manage a full range of promotional and marketing analytics services.

RECYCLING & WASTE

Drawing on HAVI's global expertise, we are strongly positioned to address growing environmental concerns with recycling and waste management solutions that promote sustainability and drive revenue. We also apply the principles of sustainable business to our own activities. We are, for example, the first logistics business in Europe accredited to the EU's Eco-Management and Audit Scheme (EMAS).
